## General Information

|                   |                                                                                |
|-------------------|--------------------------------------------------------------------------------|
| SKU               | 257857                                                                         |
| EAN               | 8719157073950                                                                  |
| Brand             | Noxon                                                                          |
| Manufacturer Name | Nox Retrofit Lightline plug for Zumtobel Regiolux SMT / Regolux SPT / Veko old |
| Full box quantity | 1                                                                              |

## Technical Information

|                       |                      |
|-----------------------|----------------------|
| Colour of the Fixture | White                |
| Type product          | Accessory - Trunking |

## Lamp Information

|               |        |
|---------------|--------|
| Product Serie | Econox |
|---------------|--------|

## Dimensions

Length (mm)

**Why Budgetlight?**

70

## Sensor Information

Guaranteed **budget prices**

Up to **7 years warranty**

Type of sensor

**Easy** return process

No Sensor

Long-life **LED solutions**
